## About Us

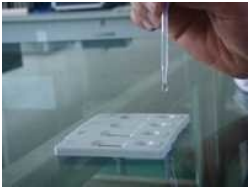

Anusandhan Analytical And Biochemical Research Laboratory Private Limited was established in 1986 as a pharmaceutical testing laboratory. For more than 35 years the company is known for its precise results, accuracy and timely reporting. Anusandhan Labs was established in 1986 as a Biochemical and pharmaceutical lab at Shiv Villas Palace, Rajwada, Indore by Dr. D. D. Gupta, Dr. M. M. Neema and Mr. Arvind Gupta as the Director of the company.

In the year 2013, new developments have taken place in our company such as Mr. Arvind Gupta with his futuristic vision and professional commitments occupied the position of Managing Director of the firm. Further, Mr. Archit Gupta (Chief Technical Officer and Chief Financial Officer) is working in our firm since November, 2013. Under the guidance of both these professionals, we as a service provider growing immensely by expanding the field of services from Pharma, herbal, and ayurvedic testing to Method development for Pharma industries , Cotton Product Testing Services, Agri Products Inspection Services, Food Adulteration Testing Services, Plastic Bag Testing Services, Chemical Testing Services, etc through various government approved techniques. I hope that this website will help you to understand more about our work, our services and our latest developments.
